

A vehicle malfunction on the motorway.

Now what?

+386 1 518 85 18

1

Activate the hazard signals.

2

All passengers must wear a reflective safety vest.

3

Safely exit the vehicle and place a warning triangle behind it.

4

Retreat to safety, preferably behind a steel safety fence. In tunnels, evacuate in the direction of the entrance, never forward.

5

Call +386 1 518 85 18 and you will receive all the necessary instructions. The DARS maintenance staff will arrive and secure the event free of charge.

What to do when your vehicle breaks down and you are stuck on a motorway or expressway?

WARNING

On motorways and expressways, there may be tow-truck operators who prey on broken-down vehicles and charge high prices for their services.

Therefore, call us first on +386 1 518 85 18.

- a. If you are stuck with your vehicle in a driving, overtaking, slowing, braking or acceleration lane, your broken-down vehicle will be removed by a DARS-contracted tow-truck service.
- b. If you are stuck in an emergency lane, lay-by or rest area, you can call your own assistance or use the services of DARS' contractual partners. Call +386 1 518 85 18 for instructions.
